About Your Policy

Mechanical **Breakdown** Insurance (MBI) protects **you** against the cost of sudden and unforeseen **breakdown** of **your vehicle**.

This document is the policy wording for Mechanical Breakdown Insurance.

Your policy is a contract between **you** and **us** and is comprised of:

- **Your** online application or application form;
- **Your** policy wording; and
- **Your** current **policy schedule**; and
- Any other document issued by **us**, which may vary or modify the above documents.

Please keep these documents safe and read them together.

It is important **you** read **your** policy in full and understand **your** benefits and the terms and conditions of **your** policy, including what **your** insurance covers – and what it doesn't. If there is anything **you** don't understand, or if **you** have any questions, please contact **us**.

Your vehicle details are stated on **your policy schedule**. If they are incorrect in any way, including **vehicle** make, model, year or odometer reading, **you** may not qualify for the extent of cover **you** have selected. It is important that **you** check **your policy schedule** and advise **us** immediately if any details are incorrect or need updating.

Defined Words

If a word is shown in **bold** it has a special meaning. For example, **we**, **us**, or **our** means DPL Insurance Limited. There is a list of these words and their meanings in the Definitions section of this document.

Duty Of Disclosure

You have a legal duty of disclosure when **you** apply for insurance, make changes to **your** policy and when making a claim, to tell **us** everything that a prudent insurer would want to take into account in deciding:

- Whether to issue **your** policy;
- The applicable terms and conditions of **your** policy;
- The amount of **your** premium;
- Whether any alterations to **your** policy will be made;
- Whether **your** policy will respond to **your** claim.

If **you** breach the duty of disclosure, **we** may void **your** policy from the start of the **period of insurance** and refund any premiums **you** have paid **us**.

What You Are Insured For

For **electric vehicles** the **Electric Vehicle Package** is added to this cover.

The most **we** will pay for any one claim under **your** policy, is the maximum claim entitlement for **your** cover and the additional benefits, less the **excess** stated on **your policy schedule**.

If **we** settle the claim as a **total loss** then the **period of insurance** ends.

If **your vehicle** battery is flat the AA will provide a battery boost and any other practical assistance to get it going. If **your** battery is faulty the AA can provide a new battery at **your** cost, or arrange recovery of **your vehicle** to the nearest authorised dealer or service agent at **your** cost.

Lost Keys / Lockout Service

If **you** are locked out of **your vehicle** the AA will arrange for a locksmith or technician to attend and gain entry. Where a replacement key is required the AA will arrange for a locksmith to make it (where possible) or arrange for **your vehicle** to be recovered to the closest locksmith. The locksmith's charge, replacement key, courier fee and recovery expense will be at **your** cost.

Wheels And Tyres

If **your vehicle** has a tyre-related **breakdown** the AA will provide assistance, including:

- Changing a damaged tyre/wheel with **your vehicle's** serviceable spare, where it is roadworthy and compatible with the other tyres/wheels on **your vehicle**. If there is no serviceable spare, recovery of **your vehicle** to the nearest tyre facility can be arranged at **your** cost;
- Using **your vehicle's** "tyre inflator kit" to inflate the tyre. If the tyre is too damaged, or the kit is unserviceable, then recovery of **your vehicle** to the nearest tyre facility can be arranged at **your** cost; or
- Providing advice on driving **your vehicle** with a run flat tyre to the nearest tyre facility, at speed and distance limits outlined in **your vehicle's** manual. If **you** believe the tyre is unsafe to drive on, then recovery of **your vehicle** to the nearest tyre facility can be arranged at **your** cost.

If **your vehicle's** wheels and/or tyres are damaged as a result of an accident, collision or impact with any object, whether caused by a **breakdown** or for any other reason (including instances of two flat tyres), AA Roadservice does not apply. However, the AA can provide assistance with recovery of **your vehicle** to the nearest tyre facility at **your** cost.

Out Of Fuel

If **your vehicle** is out of fuel the AA will deliver \$20 worth of liquid fuel to **your vehicle** free of charge, so **your vehicle** can be driven to the closest service station. The expense of the fuel itself will be at **your** cost.

Incorrectly Fuelled

If **your vehicle** has been incorrectly fuelled the AA will arrange the attendance of an approved fuel extraction specialist at **your** cost, or arrange for **your vehicle** to be recovered to an automotive repairer at **your** cost.
